SHOE FACTORY IS PROPOSED FOR LOUISA.

Manufacturing Enterprise May Locate at This Place Very Soon.

A number of Louisa business men yesterday met a shoe manufacturer who would like to install a factory here for making a certain line of shoes. After a thorough discussion of the matter it was decided that conditions are unusually favorable for such an enterprise at this point and it looks like the project will materialize very soon. It would employ about fifty.

We do not consider it wise at this stage of the game to publish all the details of the proposition. Within ten days it is hoped to have the matter definitely settled as to whether or not the factory will come to Louisa. An investigation will be made by a local committee.

DEATH OF MRS. D. W. JOHNS.

Mrs. D. W. Johns, who had just passed her 90th birthday, died at the home of her son, D. B. Johns, in Litchfield, Minn., March 15. The residents of Louisa who were there at the time of the civil war will remember that D. W. Johns and family moved from their farm two miles up the river above Louisa to Minnesota, in June 1864. Of the large family of children only D. B. and W. H. Johns, of Litchfield, survive. Numerous cousins and other relatives are living in the Big Sandy valley, some living in this city.

BLUE EYES.

FOURSCORE YEARS.

Mr. Rowland T. Burns celebrated his eightieth birthday last Monday. He received congratulations from many friends on that day, but possibly he did not receive any remembrances that he appreciated more than a lovely bouquet of carnations, forty white and forty-one red, from the Sunday School of the M. E. Church South, where he served as superintendent for about 20 years. The flowers were presented by A. Snyder, M. S. Burns, H. C. Sullivan and Rev. B. M. Keith, a committee representing the school. Mr. Sullivan made the presentation speech in a few well-chosen words expressive of the great worth of life and labors of Mr. Burns. Mr. Burns, although very feeble, responded in a very beautiful and touching manner.

DR. MUTHLER.

Dr. Fred Mutchler, U. S. Agent Kentucky Agricultural Extension, was in Louisa and met the farmers at the courthouse. He gave a good talk in a conversational and business way and made an excellent impression. The doctor explained the county demonstration matter fully and clearly, setting before his hearers precisely what the county agent would do and how it was to be done. His coming had not been announced, hence his audience was small. On Tuesday morning he visited some orchards and some arable land for the purpose of ascertaining their fitness for clover demonstration and peach experiment. Dr. Mutchler will be here again in about 30 days, and if his exact date can be learned in time the NEWS will advertise the meeting and do its best to have a big crowd meet him.

MR. MAYO'S ILLNESS.

It will be good news to a great many people to learn that Mr. J. C. Mayo is in a fair way to recover.

A few days ago his condition became so serious that there was but little hope. Pneumonia developed in addition to other troubles, but this now seems to be almost out of the way. Two specialists from New York were called to Cincinnati in his case.

WILL GIVE ENTERTAINMENT.

The Louisa Baptist Church has secured the services of Miss Katherine Froese, the well known musician and vocalist of this city, and Mr. Nelson Weedon, the accomplished pianist and singer of Ashland, for a musical entertainment to be given in Louisa on Friday evening, March 27th. The concert will be given for the benefit of the church.

It is unnecessary to speak to the people of Louisa concerning the artistic worth and ability of Miss Froese. Her voice, naturally fine, has been cultivated by the best voice trainers in the United States, and she does infinite credit to her instructors.

Nelson Weedon has but few equals as an entertainer. He is at home on the piano, and his splendid voice, in all sorts of songs, is a fit companion. He has received numerous flattering offers the acceptance of which would take him from Ashland, but the people there "see the raise" and Weedon doesn't go. A programme of exceptional worth has been prepared for the coming event which will be referred to later. One or more local amateurs may be asked to assist the stars.

FELL DEAD.

On Tuesday morning last Ross Boggs, aged about 40 years, dropped dead at his home on upper Lick Creek, six or eight miles from this city. He had arisen early and was getting ready to go to his work at Torchlight, when he said he felt bad, sank to the floor and expired. He was buried on Wednesday near his home. The deceased was a son-in-law of H. W. Castile and was a sober and industrious man.

ARRESTED FOR CAR ROBBERY.

Following the reception or a telegram from Paintsville was the arrest of Charles Meade, of Owsley county, and Lundy Howard and Wade Risner, of Magoffin county, charged with breaking into a C. & O. box car at the Paintsville depot and carrying away several pairs of shoes. The stealing was done on last Sunday. The telegram came to Marshal Charles Ross, and about 4 p. m. he and night policeman Allen Wellman took the alleged thieves from a freight train in this city and lodged them in jail. On Monday the officers took them to C萊tchburg and delivered them to a U. S. Commissioner, who held them for examination on Thursday.

BLEEDING HEART.

AGRICULTURAL MEETINGS ANNOUNCED FOR NEXT WEEK

Fallsburg, Glenwood, Webbville and Olliville are the Points Selected.

Mr. E. S. Kegley, County Agent

Department of Agriculture, has begun his work in this county, and is meeting a hearty and ready response from our farmers. He finds more work already cut out for him than he expected to find, but he will work with the farmers earnestly and practically. He is going at his business in a systematic way, as evidenced by the call which follows. The NEWS has already introduced him to our people, and they know what he intends to do. Attend the meetings designated in this call and learn how he intends to do your work with your assistance. The time has come for active business. You will regret it if you fail to cooperate with Mr. Kegley. His meetings for next week will be at the following times and places:

Fallsburg Monday, Glenwood Tuesday, Webbville Wednesday, Olliville Thursday. The hour at the various places will be 7:00 p. m. Each of these places represents a school district, and Mr. Kegley is anxious for the boys and farmers to be present or be represented in order that he can discuss boys corn clubs and farm demonstration work. Supt. Ekers will attend as many of these meetings as possible. It is intended to form a County Corn Club and boys between 10 and 18 years are urged to join. Let's have the banner club of the State. Premiums will be offered and lists will be made out later. Times and place of future meetings will be announced in the NEWS later.

ACCIDENTALLY SHOT.

On Tuesday evening, about six o'clock, as Mr. Chapman, a traveling man from Huntington, was riding along the county road just below the mouth of Lick creek, a shotgun was discharged and two shot struck him in the face, one just above the left eye and one in the forehead. Naturally much alarmed by the incident Mr. Chapman, who was coming to Louisa, hastily turned his horse, rode back a short distance and came into town by the hill road. He reported his adventure, and Marshal Ross investigated and found that two boys had fired into the air without any intention of shooting anyone. Mr. Chapman went to the hospital where his slight wound was dressed.

More Economical Both in Use and Cost CALUMET BAKING POWDER

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer today.

HOME CIRCLE COLUMN.

Kind Words.

They never bluster the tongue nor lips and we have never heard of any mental trouble arising from this quarter. Though they do not cost much, they help one's good nature and good will. Soft words soften our own soul. Angry words are fuel to the flames of wrath, and make it burn more fiercely. Kind words make other good natured. Cold words freeze people, and hot words scorch them, and bitter words make the bitter, and wrathful words make them wrathful. There is such a rush of all other kinds of words in our days, that it seems desirable to give kind words a chance among them. There are vain words, and idle words, and hasty words, and spiteful words, and silly words, and empty words and boisterous words, and warlike words. Kind words also produce their own image it is. They soothe and quiet and comfort the hearer. They shame him out of his sour, morose, unkind feelings. We have not yet begun to use kind words in such abundance as they ought to.

The Business of Life.

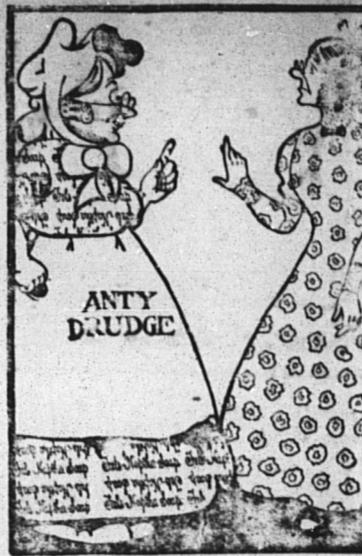

The task appointed unto us is admirably stated in a recent issue of Collier's. Nothing finer as to the stern business set before us has recently appeared in print:

"To hold the vision of a final arrival at some fitting destination; to maintain undiminished a sense of personal worthiness; to be defeated in each foolish dream of the younger life, and so to be disciplined into a larger vision, made more sure by adversity; to be delayed for most of a lifetime, and yet to believe in the strength of human spirit to surmount pain, outlive sin and defeat malice and envy; to believe in the gradual but all-conquering power of good will, to be saddened but not embittered; to be beaten but not conquered. That is the stern business set before us."

Love.

Love is the flower of the soul. It is the holiest and sweetest of the heart forces which prompt our actions. It is more precious to most men and women than the wealth in the world, because priceless; it is one of the joys of Heaven. Though without price love is a gift, and can bear no relation to selfishness. Love is the sweetest, purest, and yet the strongest of all human influences. It will endure suffering, withstand trials and overcome temptations. Love lifts us out of our sordid selves, and then, only then we realize that the outgoing of love and helpfulness is but the incoming of "a peace which passeth understanding," a joy which fills the fountains of the heart.

The idea of character as the sum of the tastes and fixed choices, indicates the way in which we are to strive for position among our fellowmen. We are to strive for position

TAKES OFF DANDRUFF HAIR STOPS FALLING.

Girls! Try this! Makes hair thick, glossy, fluffy, beautiful—No more itching scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and shiny at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggly, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as anything that has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

TWO CHUMS.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

EVERY MOTHER REALIZES, after giving her children "California Syrup of Figs," that this is their ideal

ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit tea-spoonful" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhea, indigestion, colic—remember, a good "in

first cleaning" should always be the first treatment given.

MILLIONS of mothers keep "California Syrup of Figs" handy; they

know a teaspoonful today saves a sick child tomorrow. Ask your drug-

gist for 50-cent bottle of "Califor-

nia Syrup of Figs," which has

directions for babies, children of all

ages and grown-ups printed on the

Friday, March 20, 1914.

We are authorized to announce H. C. SULLIVAN, of Lawrence county, as a candidate for the nomination for Commonwealth's Attorney for the 32nd Judicial district, subject to the action of the democratic party.

G. W. Castle, of Lawrence county, announced his candidacy for the Democratic nomination for Commonwealth's Attorney for the 32nd Judicial District, Primary Election in August 1915, earnestly requesting the support of all Democrats of the District.

The President has signed the Alaskan Railroad Bill. It appropriates \$35,000,000 for the line. The aim is to develop the agricultural and mineral resources of the country.

Ground hog winter ended on Tuesday. It was the natal day of Ireland's patron saint, and the Kentucky Legislature adjourned on this date. No remarks, please.

The bill of Representative McDyer providing for State aid to roads was passed by the Legislature. Mountain counties should profit greatly from the law, and it will no doubt stimulate road building that the pauper counties will soon become self-sustaining. The enactment of the law was a great victory for Mr. McDyer.

The Kentucky Legislature adjourned Wednesday morning, after passing a bill limiting railroad fares to two and a half cents per mile, a workmen's compensation law, McDyer's State-aid road law, an improvement on the county unit law, and a number of less important bills. The defeat of the tax revision measure prepared by the commission is greatly to be deplored. Other good measures failed of passage.

THE BEST CLIMATE IN U. S.

Come to Yuma, Arizona, the land of sunshine, no floods, no blizzards, no cyclones, sunshine 365 days in the year, 12 months' growing season and haying in January; 12 tons of alfalfa hay per acre annually; the greatest cotton country on earth; oranges, lemons, grapefruit, peaches, grapes, apricots, dates figs and other fruits and melons produce more bountifully and reach the markets earlier and consequently bring better returns than from any other section of the United States. Fruits are not grown anywhere else in the world with the quality of flavor of the Yuma fruits. Crops will bring annual returns of from \$100 to \$1200 per acre annually. You may live here in comfort and happiness, surrounded upon every side by smiling prosperity. Ten acres here is better than a life-time salary of \$125 per month; twenty acre will in a short time make a large family independent, while forty acres, if properly handled, will bring a good fortune in a few years. Our water supply is unlimited, being diverted from the Great Colorado by the U. S. Government's \$8,000,000 irrigation project. Why live in the land of floods, snow, sleet and ice, cyclones and blizzards and eke out a mere existence when there is open to you the lands of the wonderful Yuma Valley; where exists perpetual sunshine, prosperity and happiness, where life is worth living. Having grit, sell your holdings or mortgage for all you are able and come now. For literature address McCLURE REALTY, LOAN AND TRUST CO., 352 2nd St., Yuma, Arizona. 8t-pd-4-10

PIKE COUNTY NEWS

Jas. L. Phelps, of Pikeville, is authorized to accept and receipt for subscriptions to the Big Sandy News

SMALLPOX.

At the present time Pikeville has two cases of smallpox, Malie Thornsbury and Mrs. W. E. Yost. The latter's husband has just recovered from an attack of the disease, and other cases exposed to him may possibly develop. The patients have been confined to their homes, but no guard has been stationed at either place, and people run unnecessary risks in passing.

Dr. J. W. Vicars is the health officer at the head of the Board of Health of Pikeville, and he has practically the entire management of the situation in his care. Although several cases are also reported as having developed at Elkhorn City, he does not think it necessary to take active measures to check its further spread.

BAPTIST MEETING.

The usual second Sunday meeting of Baptists under the leadership of Rev. N. T. Hopkins, took place in the open air just across the river last Saturday afternoon and Sunday, and the old-time congregation was present, including Baptists from every part of Pike, Floyd, Knott and Letcher counties. Several hundred were present, and fine weather favored the occasion.

NEWLYWEDS HERE.

Mr. J. P. Mumaw and bride (who was formerly Miss Anna Griffith, daughter of civil engineer W. T. Griffith) arrived here from Pennsylvania last Saturday evening, and were happily greeted by the charivari boys Sunday evening.

They were married in Oshkosh, Wis., the former home of Miss Griff-

fith thirty days ago, and spent their honeymoon in Pennsylvania, Mr. Mumaw's former home. They will remain in Pikeville.

COLLEGE STREET WEDDINGS.

Two weddings occurred on College street last week. These were Miss Roma Thornsbury to Mr. Chas. Owens, and Miss Eva Ratliff to Mr. Elliott Huffman. Miss Thornsbury is the daughter of Mr. and Mrs. Geo. Thornsbury, and Mr. Owens is the brother of Patrick Owens, who owns the general store at the end of the street.

Miss Ratliff was formerly from Virginia, and niece of Mrs. J. E. Yost, of Pikeville, while Mr. Huffman is the son of W. T. Huffman, butcher and groceryman of this city.

BOND ELECTION.

An election will be held at the court house on Saturday, March 28, as a preliminary step to issuing bonds for the purpose of raising funds to purchase ground and erect a new public school building within the limits of the city of Pikeville. The total cost of such an undertaking will approximately be \$50,000; but the school is badly needed, as the one now in use is in a decayed condition, unsanitary, and too small to do justice to the army of young people now seeking education in our city. The time required to pay off these bonds extends over a long period of years, and the tax increase will be so small that the taxpayers will not feel the burden. Every citizen should gladly vote his approval of the measure and give the children of Pikeville and Pike county

MISSSES TRAIN, GETS \$200.

Hawkins Coleman recovered a verdict against the C. & O. Railway Co. in the Circuit Court here Wednesday for \$200 because a train which he and Mrs. Coleman intended to board at Mossy Bottom for Marrowbone failed to stop long enough for them to get aboard.

Mrs. Coleman was some yards separated from his wife when the train left the Mossy Bottom station, but Mrs. Coleman had already climbed aboard. She soon discovered that her husband was not on the train and got off at Coal Run, the next stop, and walked back to meet her husband. They had intended to go to Marrowbone.

LOCAL AND PERSONAL.

Pres. J. P. Whitehead, of Pikeville College, is slowly recovering his health, as announced in a recent issue of the college letter. He has been ill health for several months and his friends will be glad to learn of his recovery.

Mrs. George Holmes arrived here from her home in Canada last Saturday evening. She will spend the spring months in Kentucky with her husband, who is at present interested in the timber development in Pike county.

W. G. Reece, of Wayland, was here last Saturday.

W. A. Wilson and J. B. Layne, of Louisa, were here on business last week.

W. R. Richmond, of Paintsville, was in town last Friday.

Harry E. Syck, of Little Creek, employed with the Nigh Lumber Co., was in town the latter part of last week.

Pauley made a short business visit to Pond Creek last week, returning Saturday.

Judge J. M. Roberson was the victim of an acute attack of indigestion at his home on Third street Sunday.

J. L. Morgan, Supt. of the Allegheny Coke Co., of Hellier, spent Sunday and Monday here.

The new Saad grocery store which has been christened "The Leader," was formally opened to the public Monday.

At the close of the regular term of circuit court next week Judge A. J. Kirk, of Paintsville, will hold a special term of one week beginning March 30th.

A bloody fight took place at Mont Preston's pool parlor Tuesday afternoon between Dick Charles and Tom Collins. Billiard balls and shattered glass flew thick for a few minutes, but the police soon stopped the fight, and the combatants were taken before Judge Miller and placed under bond for appearance at a future trial. Collins' father, Uncle Riley Collins, signed the bond for both of the young men.

Rev. I. N. Fannin left Monday for Van Lear, where he will be engaged for the next ten days assisting Rev. Goodwin in holding a protracted meeting.

Mr. and Mrs. Charles Bentley returned Sunday evening from Paintsville, where they had been for several weeks during the sickness of Mr. Bentley's brother William. He is also at Pikeville now.

Charles Elliott has gone to Grassley Creek on business, and will be absent for several days.

Dr. and Mrs. A. S. Reece returned last Sunday evening from Lexington, where they attended a meeting of the Kentucky Dental Association.

Mr. and Mrs. C. M. Keyser, of Keyser, Ky., were in Pikeville Monday. Mr. Keyser and J. F. Prindable are joint owners of the Keyser

Coal Co.

Mrs. J. I. Saad has been suffering from cold for a few days, but is now better.

A. M. Thompson and J. F. Justice, of Jenkins, were in Pikeville for several days this week.

Attorney H. S. Howard returned Wednesday from a visit to Louisville, Lexington, Frankfort and other cities.

Judge John F. Hager, of Ashland, arrived here Wednesday.

R. D. Oppenheimer, clothing merchant of Paintsville, was registered at the Big Sandy hotel Wednesday.

LETCHER COUNTY.

Whitesburg, Ky., March 17.—The Letcher Fiscal Court has been in session here for several days working out the problem of getting good model roadways throughout the county, also solving the matter of the further completion of the road between Mayking and Kona, six miles, making it a model in every sense of the word. It is said the necessary arrangements will be made looking to the very early completion of the Mayking-Kona road, and in a way that will make it an example for future road building in Eastern Kentucky. Justice William Blair has been circulating a petition praying for an election to be held to vote bonds to build good roads in every section of the country, and is meeting with splendid success. The whole of the Fiscal Court as well as the county officials are heartily in favor of good roads—in fact good roads enthusiasts, and will call an election to be held some time in May to vote the bonds. The matter will carry largely when it is thoroughly known that the corporations will pay at least 85 per cent of the taxes necessary.

Day Monday and bound over to await the action of the grand jury. Sumpter's bond was fixed at \$2000. The murder is said to have been without the slightest provocation. Sumpter is a member of a good family.
